

Narragansett Bay Commission

STORMWATER REVIEW FORM

Checklist

The purpose of this form is to determine the necessity for a Stormwater Connection Application

Step by Step Completion

Process

The following information including plans and reports should be submitted electronically

- 1. Complete the two page form by checking all applicable information for the commercial project. **Please Note:** The Applicant information listed in item 1, should name the person responsible for the project development.
- 2. **Location Plan:** that includes plat & lot number(s), utilities (identify all utilities on/around the property), building locations, street address and proposed location of the storm water connection(s) to the street with a North arrow.
- 3. **Stormwater Sources:** All sources of stormwater should be checked off as well as any description of other sources not specified.
- 4. **Discharge Methods and locations:** Any methods used or to be used to discharge the stormwater from the specified sources should be checked off with an accompanying plan indicating associated locations.
- 5. **Stormwater Management Plan:** Please indicate if a plan has been submitted to the RIDEM for approval. If so, please include the plan in your submission of this form.

Keep in mind that this is a Stormwater Connection REVIEW Form and not a permit application. Once reviewed, NBC will determine if this project requires a Stormwater Connection Permit Application to discharge stormwater from this site. The permit application will require additional information and a fee of \$779.00 for permit processing.

**Any questions regarding this form, please contact Ms. Tina Moretti at
Narragansett Bay Commission Permitting
Section at (401) 461-8848 extension 353.**

Forms can be mailed to Narragansett Bay Commission, Permit Section, One Service Road, Providence, RI
02905.
